DECORATIVE LETTERS
CD-ROM AND BOOK

DOVER PUBLICATIONS, INC.
Mineola, New York

The CD-ROM on the inside back cover contains all of the images shown in the book. Just insert the CD into your computer and call the images into your favorite software (refer to the documentation with your software for further instructions). Each image has been scanned at 600 DPI and saved in six different formats—TIFF, PICT, WMF, JPEG, GIF, and BMP. The CD contains a number of different folders. All of the TIFF images have been placed in one folder, as have all of the PICT, all of the WMF, etc. Every image has a unique file name in the following format: xxx.xxx. The first 3 digits of the file name correspond to the number printed with the image in the book. The last 3 digits of the file name, after the period, refer to the file format. So, A01.TIF would be the first file in the TIFF folder.

Also included on the CD-ROM is a utility program that allows you to view the images on screen. If you wish to continue using this program, you must pay a fee as stated in the documentation. The utility program is **not** needed to use the images.
